

# NCCR CHEMICAL BIOLOGY WINTER RETREAT

January 10, 2019  
La Longeraie (Morges) • Room Rolle (409)

## Welcome to Phase III

*This graphic element is a free adaptation of the numerous interactions between the different NCCR groups during the last 4 years.*

## PROGRAMME

**08:30** Arrival, sign-in and welcome coffee

**09:00** Introduction by the Directors

**09:15** **Yimon Aye**

Professor, Laboratory of electrophiles and genome operation, EPFL

**09:50** **Anne-Claude Gavin**

Professor, Structural and Computational Biology, EMBL

**10:25** **Coffee break**

**10:50** **Sascha Hoogendoorn**

Tenure-track assistant Professor, Department of Organic Chemistry, UNIGE

**11:25** **Pablo Rivera Fuentes**

Professor, Department of Chemistry and Applied Biosciences, ETH Zürich

**12:00** **Lunch**

**13:30** **Talks by PhD students and researchers**

J. Thomas Hannich

Jesse Poganik

Zander Hartevelt

Adai Colom

Javier de Ceballos Cerrajería

Javier Lopez Andarias

**15:00** **Coffee break**

**15:30** **Brainstorming session**

Group 1 *Chemical tools/screening* - Room Rolle (409)

Group 2 *Cellular uptake* - Room Nyon (408)

**17:00** **Plenary session**

**17:25** **Closing remarks & surprise**

**17:30** **End of the day**
