

# REX N' ROLL

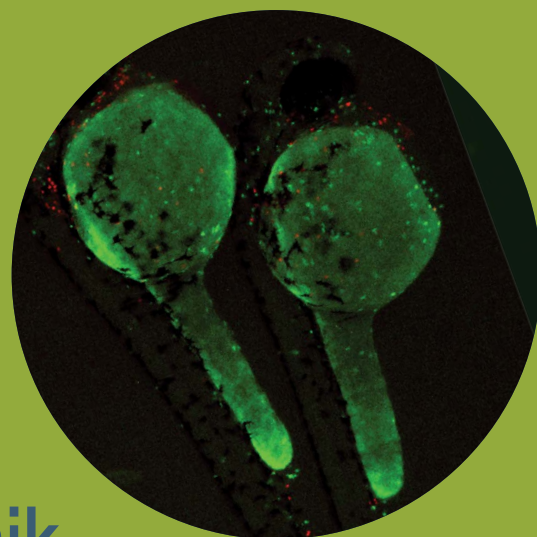

October 16, 2019 - EPFL

## DESCRIPTION

Measurements and statistical analyses of immune cell viability following electrophile perturbation in developing zebrafish.

## PROGRAMME

- Introduction to REX technologies, including T-REX and G-REX
- Introduction to zebrafish maintenance and experimental setup
- Zebrafish imaging and image-quantification assays involving embryos expressing Halo fusion protein
- Fundamentals of statistical analysis

by **Dr. Yi Zhao, Jesse Poganik  
& Prof. Yimon Aye**
