

Guiding scientific projects

October 27, 2020
9:00 > 11:00
UNIGE

An interactive workshop for postdocs, to learn how to find and design a good scientific project.

PROGRAMME

- How to design a project
- How to assign people to a project
- How to adapt a project to people
- How to build fruitful collaborations

by **Aurélien ROUX**

Full Professor, Faculty of Science, UNIGE
Member of the NCCR Chemical Biology

Target group: postdocs, not only the ones interested in academic positions.

Register on
www.nccr-chembio.ch

Deadline: October 22, 2020
Limited number of seats: 6
